

QUIZ NIGHT

The Enrich Community Chaplaincy Trust employs chaplains who work across the Christchurch disability sector.

The chaplains provide pastoral, emotional and social support to people with disabilities, which includes providing support and comfort when people are sick and unwell, visiting people at home or in hospital, organising a range of fun programmes or events, providing support around death or when a person is coping with grief, providing church services, and helping to link people with their local church.

The Enrich Trust receives no Government funding, as is totally dependant on raising sufficient funds each year to allow this important work to continue. So please join us for our fun filled Quiz Night, to help us raise the necessary funds for this unique and valuable service to continue.
